Potions Station
Tinker Area

Bobby

Bobby, our OPAL play mentor is coming into school in October to run some training for the play team and to plan the next steps of our OPAL journey as we head towards reaccreditation next year!

Green Fingers

Do we have an green fingered parents that would happily volunteer to help us with our planters? If you would like to help out or can donate some bedding plants—please speak to one of the assistant heads.

OPAL Newsletter

Updates

A massive thank you to all the parents / carers that attended our OPAL play event yesterday. It was great to see so many of you there—especially those of you that joined in and played!

We would just like to clarify that it was very busy as the whole school were outside and all the adults, whereas lunchtime is usually staggered over phases of school so not all children are out at the same time and some are in the hall eating their lunch.

Resources needed

To help us set up our new **potions** and **tinker** areas we kindly ask for donations of the following:

* old containers * pots and pans * kitchen utensils * natural objects (old pot pourri, dried flowers, petals etc) * measuring spoons * measuring scales * baskets * old small electrical items / household items (that no longer work) * nuts and bolts * empty tool boxes

Weather reminder

The weather is a bit unpredictable at the moment so we kindly ask that you send your child to school with appropriate clothing for outdoor play. Our new active uniform suits OPAL play, but it is now the time for a named waterproof coat for those showers! Remember—unless the weather is extreme, we play outside.
