### Year 1 Theatre Workshop – Helen Goodbarton

#### Photo Consent Form

My name is Helen Goodbarton and I am a creative practitioner.

Through grant funding from the Arts Council. I am currently in the development stages of creating a piece of theatre for young children and the workshop is part of the research phase of gathering ideas that will be developed on to create the piece.

On Wednesday 16<sup>th</sup> October, the year 1 pupils at Old Basford Primary will be taking part in this drama workshop with me.

I would like to be able to record the process of creation through photographs of the workshop, so that they might be able to be used in further promotion and funding applications of the piece to theatres, producers, and other creative organisations, if I continue ahead with the project. These promotions will be in the form of either printed or electronic flyers, leaflets, and information packs sent directly to those organisations only.

The images will not be used on any public online platforms (eg. social media/websites).

To take and use such images I need to obtain consent from parents/guardians.

Please click on the link below so you will be able to complete the permission form, when you submit the form it will come straight through to school submit by the morning of Tuesday 15<sup>th</sup> October so I am aware of which children it is possible to include in photographs. I would be most grateful.

Many thanks

Helen Goodbarton
