Highway Works – Percy Street Mill Street – Week beginning 23rd June

We have been notified by Public Highway that works will commence on the Percy Street/ Mill Street Old bus terminus from the week commencing the 23rd of June 2025.

Percy street will still be open for traffic, just no parking on Mill Street

Works will be taking place for approximately six weeks and will mean that cars will be unable to park around the island during that time.

The works will also include public realm improvements such as the installation of large planters, widening the island to shorten road crossing for pedestrians.

School access will not be affected
