16th April 2024

Dear Parents/carers,

We have organised two amazing enrichment experiences for the children in the summer term. These will take place at school during the morning session for our N2 Nursery children.

Tuesday 30th April – Zoe’s Animals, Hands on animal petting experience - Your child will see, touch, handle & learn about a variety of friendly reptiles, amphibians, furies, exotics and birds

Zoe’s Animals – believes in educating children from a young age, inspiring them to help protect the world of animals through a National curriculum driven session.

Wednesday 8th May – Storytelling workshop with Lakeside Arts.

The total cost for both experiences is £7.50 per child. If your child is eligible for pupil premium funding the cost is £6.00 per child. Please pay using the Arbor app. Go to Activities – Trips – Nursery experience

Please can you make the payment by Friday 26th April.

If you have any questions about payments then please contact the office staff who will be able to support.

Kind regards,

Old Basford Nursery staff
