

We have an exciting mix of different cultures in Nottingham and each culture has its own music. To celebrate these rich musical traditions, we are launching an exciting new project!

What to do:

- Find a friend or relative to interview about what music or instrument is special to them.
- Visit the [Nottingham Music Hub website](#) and click the [Music in Nottingham Form](#)
- Interview your friend or relative using the questions on the form. If you could video the interview or record it, that would be great!

1. What music or instrument is important to your family?
2. Why is this music or instrument special to your family?
3. At what sort of occasion or event would you hear this music or instrument?

- If you, your friends or family can play or sing this music, we would LOVE to hear it! You can also send in pictures that show celebrations or events where you may hear this music (e.g. weddings or birthdays).
- If you are sending videos, recordings and/or photographs, save each of your files as name - your school - description of content. E.g., JohnB – Sunny Hill School - Interview with Mum
- Send your files to MusicinNottingham@nottinghammusic hub.org.uk via www.WeTransfer.com. In your email, please write the email address of the parent or guardian that was entered on the form.
- Make sure you have completed Question 6 on the form and a parent or guardian has given permission.
